

ISBA Visit – October 20th, 2025

On Monday, October 20th, 2025, we launched our cultural program with a guided visit to the ISBA.

Accompanied by our outstanding guide, Madame Laredo, professor and PhD in Art History and Civilizations, this guided visit offered us the opportunity to explore the history of this building, classified as a historical monument and regarded as one of the rarest authentic isbas in France.

A big thank you to Dominique, Loetitia, Maria Rosa, Sophie, Cornelia, Laure, and Uwe.
